Walkway & Deck Safety Scotgrip® HD Anti-Slip Flextile™ Rolls

WALKWAY & DECK SAFETY

SCOTGRIP® HD ANTI-SLIP FLEXTILE™ ROLLS

SCOTGRIP® INTERNATIONAL anti-slip FlexTile™ is a heavy duty, high traction anti-slip safety tile designed to allow safe walking on walkways/decks.

Scotgrip® FlexTiles™ incorporate the unique Scotgrip® high-traction anti-slip safety surface which gives a sound foot-holding in the most extreme conditions. These heavy duty, tough and durable safety products are manufactured with a reinforced composite base and a graded aggregate anti-slip surface under BS EN ISO 9001:2015 quality-controlled conditions. As a Scotgrip® International quality standard, these products are fire rated, spark and friction tested.

Walkways/decks/flooring can be made from various materials including the following: flats steel, aluminium, concrete or wood. Most of these surfaces are quite acceptable when dry but can become extremely dangerous when wet, soiled or painted. By installing Scotgrip® FlexTiles™ not only is this slip hazard eliminated but the lifespan of the underlying surface is greatly increased. These heavy duty products are secured by either mechanical fixings or bonded to existing surfaces.

- ELIMINATES 'SLIPS AND TRIPS'
- COST EFFECTIVE
- HIGH TRACTION
- TOUGH AND DURABLE
- STANDARD SIZES AND CUSTOM MADE
- FULLY GUARANTEED
- NON CORROSIVE
- REFLECTS POSITIVELY ON PERSONNEL PERFORMANCE
- EASY TO FIT OVER EXISTING WALKWAYS/DECKS

> STANDARD SIZES OR TO CUSTOMER SPECIFICATION

Scotgrip® FlexTiles™ are manufactured in 5m x 1m roll (16' x 40"). We regularly manufacture custom sizes to suit individual locations.

> SAFETY MESSAGES/INFORMATION

SignAlert® can be added to any of our walkway/deck products. Safety messages are proven to be an effective method of warning personnel of any hazards/hazardous areas they may be exposed to. Safety messages can be any description and can even incorporate your company logo.

> HEAVY DUTY

Scotgrip® FlexTiles™ are extremely durable and will remain highly effective for many years.

> EASE OF INSTALLATION

Scotgrip® FlexTiles™ are designed for quick and secure fitting, either by mechanical fixings or bonding to existing surfaces. Scotgrip® International products are non-load bearing and must have a suitable underlying structure to be secured to.

> QUALITY – IT'S WHAT DRIVES US

All SCOTGRIP® INTERNATIONAL HD/UHD safety products are manufactured under BS EN ISO 9001:2015 quality-controlled conditions using highly compatible raw materials at our manufacturing facility in Aberdeenshire, UK.

> OUR SUSTAINABILITY COMMITMENT

At SCOTGRIP® INTERNATIONAL, we're really proud to have achieved carbon neutral status and we're proactively moving towards our target of zero waste. Our environmental ethos extends to everything we do, including our product innovation.
